III. Reports.

1. Annual Report for 1937-38.

Mr. B. Venkatanaranappa drew attention to the comparatively low attendance in the Maharaja's College, Intermediate College, Mysore, and the Medical School.

Mr. M. Ramachandra Rao suggested that the Annual Report to be considered effectively should be in the hands of the members of the Senate before the November meeting of the Senate. The Vice-Chancellor drew his attention to Statute 7 and observed that his suggestion would amount to the amendment of the Statute.

Mr. J. C. Rollo answering the observation of Mr. Venkatanaranappa remarked that attendance in the Mysore Colleges was taken every hour.

The report was recorded.

2. Annual Accounts for 1937-38 and Audit Report thereon.

Recorded.

3. Compulsory Physical Exercise.

(i) The following proposition passed at the meeting of the Senate held on the 26th November 1938 :—

"That physical exercise be made compulsory in the University from the year 1939-40."

(ii) Resolution of the University Council, dated the 10th December 1938.—

"That the proposal of the College Councils be invited."

(iii) Opinions of College Councils.

(iv) Resolution of the University Council dated the 11th February 1939.

"That compulsion be begun with the Junior Intermediate class in the two Arts and Science Colleges and provision be made for the appointment of an instructor in the Medical College."

Under Rule 5 of the Rules of Business of the Senate, Mr. M. Ramachandra Rao moved the following proposition :—

"That, in the opinion of the House, the action proposed to be taken by the University Council in its resolution dated the 11th February 1939 on the Senate resolution of the 26th November 1938 for the enforcement of compulsory physical exercise on all University Students (except those who are found unfit for the purpose) is neither adequate nor satisfactory and therefore it is recommended that the Senate resolution be fully implemented without delay by making due provision for compulsory physical exercise in all the university institutions from 1st July 1939."

The motion was seconded by Mr. A. Venkatesaiya.

Mr. J. C. Rollo explained the considerations on which the University Council arrived at the decision reported.

Mr. T. Ramachandra suggested the appointment of a committee of specialists to draw up a scheme.

After further discussion, **the motion was put to the vote and lost.**

IV. Propositions (Official).

Proposition 1.—That the budget estimates of receipts and expenditure of the University for 1939-40 as framed by the University Council in consultation with the Committee of Finance be approved.

Moved by MR. J. C. ROLLO and seconded by MR. D. V. GUNDAPPA.

Mr. M. Ramachandra Rao moved the following cut motions :—

(*a*) That the allotment for 'Direction of the University' (page 4 of the Budget Estimates) be reduced by Rs. 100.

(*b*) That the allotment for 'Research Scholarships' (page 5 of the Budget Estimates) be reduced by Rs. 10.

(*c*) That the allotment for the contribution of Rs. 750 to the Inter-University Board (page 5 of the Budget Estimates) be reduced by Rs. 10.

(*d*) That the allotment for the Central College (page 4 of the Budget Estimates) be reduced by Rs. 100.

Mr. H. C. Dasappa raised a point of order whether cut motions were in order in connection with the discussion of the budget by the Senate. The Vice-Chancellor referred to past practice and said that though there was no explicit mention of cut motions in the Statutes or the Rules of Business, cut motions were not out order.

In moving the first cut, Mr. Ramachandra Rao referred to the practice in moving the budget in the Senate and desired that the mover of the proposition must give a detailed explanation regarding accounts of the preceding year, the revised budget for the current year and the proposed budget for the following year, particularly in respect of items in excess of Rs. 2,000. The Vice-Chancellor drew his attention to the memorandum already communicated to the members and asked the member whether anything more was desired. Mr. Ramachandra Rao promised to give a note explaining his views.

In moving the second cut, Mr. Ramachandra Rao desired that the Senate must be given an account of the research work done in the current year and the programme to be adopted for the next year. The Vice-Chancellor explained the procedure adopted in regard to the award of research scholarships and pointed out that according to the Statutes, the Senate was not competent to deal with research scholarships in such detail.

In moving the third cut, Mr. Ramachandra Rao suggested that the constitution of the Inter-University Board should include an elected member from each of the Universities, that the Board should approach the Government of India with a request for statutory recognition, that printed copies of the proceedings of the annual meetings should be supplied free to members of the authorities of Indian Universities and that all publications issued under the auspices of the Board should be made available for purchase by members of the authorities of Indian Universities at half the published price. The Vice-Chancellor said that his suggestions would be communicated to the Inter-University Board.

In moving the fourth cut, Mr. Ramachandra Rao referred to the inadequate accommodation for the Natural Science Departments of the Central College. The Vice-Chancellor informed the House that the question had been engaging the attention of the University, and that plan and estimates for a suitable block of buildings were under preparation.

None of the cut motions was pressed to a division.

Mr. V. Lingappaiya pleaded for an increase in the percentage of freestudentships by a corresponding reduction, if necessary, in the expenditure on laboratories and libraries.

Mr. B. Venkatanaranappa remarked that the Medical College was getting too expensive; that scholarships should be granted only to the most deserving; that the Extension Lectures scheme should include the printing and circulation of really valuable lectures; that the items of fresh grants should be arranged in order of urgency; that research scholarships should be made tenable for a longer period than at present, extending even to ten years; that the University should arrange to investigate the problem of unemployment and that the introduction of an additional department of Sociology was not called for.

Mr. B. Chandrasekhara Setty and Mr. S. Hiriyannaiya pleaded for a greater measure of patronage to the Prabuddha Karnataka.

Mr. C. Hayavadana Rao pleaded for an increased grant to the library of the Central College, the Oriental Library and the Archæological Department.

Mr. S. Venkatesaiya suggested that with respect to extension lectures the original practice of supplying synopses should be restored.

Mr. M. Ramachandra Rao suggested that the University should apply for exemption from Municipal tax which is now being levied on residential buildings.

The Budget with the following corrections was passed :—

Page 1. Item E of Expenditure: School of Engineering.
For Rs. 34,000, *substitute* Rs. 45,500.
In consequence, the grant required from Government to be Rs. 12,69,827 instead of Rs. 12,58,327.
